SUBJECT: WELL LOCATION MAPS

US EPA RECORDS CENTER REGION 5

515925

931700

Enclosed are general purpose maps prepared by Mark Simonett of the MPCA to show well locations by aquifer in the vicinity of the Reilly site. Three maps for the Prairie du Chien-Jordan aquifer are enclosed. One is a map of well locations more complete than the one distributed at the November 2 meeting. The other two show proposed monitoring wells and general PAH concentrations, respectively.
